CITIZENS ASK REPEAL.

W. McK. Clayton, Before Committee,
Opposes Improvement Measure.

William McK. Clayton appeared before
the Senate Appropriations Committee
yesterday, as the representative of the
Federation of Citizens' Association, to
ask the repeal of the Borland amend-
ment, enacted last year, which places
one-third the cost of street improve-
ments on the abutting property owners.

The fight on this law is one of the
biggest propositions now before the federa-
tion.

Mr. Clayton said that the law works
an additional injustice on the suburban
ites of the city, because of the fact that
during the years street improvements
were paid out of the general fund, their
taxes were used to improve city streets,
and now they must pay for their own
improvements in the suburbs.

MILITIA READY AT ALEXANDRIA

Light Infantry, Sixty-eight
Strong, Expect to Leave
for Richmond.

THE HERALD BUREAU,
H. E. Knight & Son,
60-62 King Street.
Alexandria, Va., June 22.—Members of
Company G, First Regiment, Virginia
Volunteers, better known as the Alexan-
dria Light Infantry, now under arms at
Armory Hall, confidently expect that
they will receive orders to leave here
Saturday morning for Richmond to mobilize.

Up to date this company has a mem-
bership of sixty-eight, which includes
all officers. Efforts have been made
within the past few days to recruit the
company up to its full military strength
of 100 members.

The recruits did not join as rapidly as
expected, otherwise this command by this
time would have the required military
strength. During its sojourn at the
armory this company takes drills and
other exercises, the afternoon hike each
day being lengthened. All of the mem-
bers are anxiously awaiting orders to
go to Richmond to mobilize. Capt. John-
son, however, has not received any
further orders.

Members of Martha Washington
Chapter, No. 42, Order of the Eastern
Star, will give each member of the
company a luncheon on their departure
for mobilization. Both wholesale and re-
tail merchants of the city have helped
provide the luncheon.

James T. Lawler's funeral took place at
9:30 o'clock this morning from St. Mary's
Catholic Church. Services were conduct-
ed by Rev. L. F. Kelly, assistant pastor,
and burial was made in St. Mary's Cem-
tery. The funeral was largely attended,
and the floral offerings were numerous
and handsome. Those serving as pall-
bearers were: R. E. Knight, Edgar War-
field, Jr., Allan Hume, John D. Normoyle,
H. C. Linn and T. T. Dwyer.

John F. Ford, 35 years old, died last
night at his home, 301 Cronos street.
The deceased was a glassworker. Be-
sides his wife he is survived by several
children. His funeral will take place at
9:30 o'clock Saturday morning from St.
Mary's Catholic Church.

Charles M. Peake's funeral was held
this afternoon at his late home at Brad-
dock Heights, Alexandria County. Ser-
vices were conducted by Rev. E. V. Edger-
son, formerly presiding elder of the Wash-
ington district of the M. E. Church South.
Burial was made in Glenwood Cemetery,
Washington.

The Sunday schools of St. Paul's and
Grace P. E. Sunday schools today gave
their annual excursion to Marshall Hall.
The evening boat carried a capacity
crowd.

Dr. G. S. Phillips, field secretary and
treasurer of the Anti-Saloon League of
Virginia, tonight delivered an address
in the Gospel Tent on Washington street
between Cameron and Queen streets.

PLAN RELIEF FOR GUARD FAMILIES

Many Organizations Plan to
Assist Relatives of Men
Called to Colors.

Within a week a score of local and
national organizations will have launched
a city-wide campaign for the relief of
the families of the men who have been
called into service in the National
Guard.

The relief movement was given impetus
at a meeting of the wives of the officers
of the District Guard at the home of
Mrs. William E. Harvey, 174 Lamont
street, yesterday afternoon. No definite
plan was outlined, but Mrs. Harvey's
home was named as headquarters, and
another was called for Tuesday.

Mrs. Harvey was elected president of
the temporary relief organization, with
Mrs. Glendie B. Young, first vice pres-
ident; Mrs. Harry Coope, second vice
president; Mrs. H. M. MacLellan, third
vice president; Mrs. E. R. Risher, treas-
urer; Mrs. Thacker V. Walker, financial
secretary, and Mrs. Edwin W. Pullam,
corresponding secretary.

All organization of every character
desiring to assist in the relief of the
families of the Guardsmen are invited to
send representatives to a meeting to be
held under auspices of the woman's de-
partment of the National Civic Federa-
tion at the home of Mrs. Archibald
Hopkins, 1825 Massachusetts avenue
northwest, at 4 o'clock this afternoon.

The executive committee of the women's
department met Wednesday afternoon
and decided that more could be done by
united action, and so the mass meeting
for today was arranged. Mrs. Harvey
announced last night that donations to
carry on the relief work will be received
at her home.

This relief corps of the wives of the
officers, when completely organized, will
appeal personally to the business firms of
the city to hold jobs for the men who
have gone to the front.

At a meeting of employees of the De-
partment of Agriculture yesterday after-
noon were taken to form a society to work
for the relief of the families of the men of
the department who have gone to the
front. The following committee was ap-
pointed to complete the organization: Carl
Vrooman, Assistant Secretary; O. J.
Field, Office of Markets; E. B. O'Leary,
Bureau of Entomology; P. J. Keleher,
Bureau of Animal Industry; Mrs. A. G.
Guthridge, Office of Secretary; Mrs. L. E.
Rixey, Crop Estimates; A. C. Shepherd,
Bureau of Plant Industry.

The local United Cigar Stores yesterday
received the following letter from H. L.
Ramsdell, vice president of the company:
"For your information, we wish to ad-
vise you that all employees who were
members of the National Guard in their
respective States and affected by the
President's order of mobilization, will be
allowed full pay during their absence in
the service of the government."

The Chesapeake and Potomac Telephone
Company announced yesterday that all
its employees who are in either the Dis-
trict National Guard or the Naval Bat-
talion before the issuance of the Presi-
dent's call will be given full pay for the
first three months they are away, and
receive nine months thereafter they will re-
ceive the difference between their salary
and what they will receive from the
army. Upon their return, the company
states, they will be given such employ-
ment as the needs of the company will
permit.

The American Piano Company yester-
day sent forth to all the factories the
following letter:

"The American Piano Company wishes
to inform their employees belonging to
State militia, or other military organi-
zation affected by the order of the Presi-
dent, that upon their return the positions
they left will be waiting for them. Dur-
ing their absence their full salary will
be credited to them or paid to any person
they may designate as dependent upon
them."

Idaho Tribe, No. 15, Red Men, has ap-
pointed a committee to care for the fam-
ilies of members who have been called
to the colors. This committee will re-
port to the tribe on June 27, when it is
expected the committee will be made
permanent.

HOUSE PASSES DEFENSE BILL

To Spend \$22,000,000 on
Fortifications in U. S.
Bans Stop Watches.

The fortifications appropriation bill,
which was debated last week and laid
aside, was finally passed by the House
yesterday.

It carries approximately \$22,000,000 for
the fortifications throughout the United
States and the insular possessions and is
the third national defense measure to pass
the Lower House.

The House adopted the Tavenner
amendment to the bill, stipulating that
government arsenals shall not employ
stop-watch or other "speed up" systems
affecting the work of government ma-
chines. This legislation has been sup-
ported by organized labor and a similar
provision, relating to navy yards, was
carried in the naval bill.

How To Keep Young

How to keep young is a subject of in-
terest to all. At the present time a con-
siderable portion of the population of
civilized countries undergo tedious
troublesome and even painful procedures
for the purpose of securing only the ap-
pearance of youth. What does it mean
to keep young? It means, essentially,
to keep healthy, to keep in the open air as
much as possible, to keep the system
enough and eat and drink what bene-
fits you, thus postponing as long as
possible changes due to old age. Old age
must come eventually, but if changes
belonging to it come before their time,
they mean disaster. To disprove this is the
effect of old age and to help bring back the
vitality of youth, many medical men
prescribe Duffy's Pure Malt Whiskey as
a reliable tonic stimulant. It is an ab-
solutely pure distillation of thoroughly
malated grain, rich in vitalizing carbo-
hydrates, with practically every trace of
fusel oil and other foreign substances re-
moved by a special process. Duffy's
Pure Malt Whiskey, in temperate doses
as prescribed, gently stimulates the
stomach and kindred organs to healthy
normal action, promotes digestion, and
assists in the assimilation of food. It
enriches and invigorates the blood, en-
abling it to rid the body of stored up
poisons and secretions. Thus it is really
a medicine for all mankind which ben-
efits the young and old. That's the reason
why so many people of all ages "Get
Duffy's and Keep Well." Sold by most
grocers, druggists and dealers, \$1.00. If
they can't supply you, write to Duffy's
household booklet free. The Duffy Malt
Whiskey Co., Rochester, N. Y., Adv.

OFFERS BILL TO DRAFT MILITIA

Hay Resolution Empowers
President to Use Guards-
men on Foreign Soil.

At the instance of the administration
Chairman Hay, of the Military
Affairs Committee, introduced in the
House yesterday a resolution authorizing
the President to draft the National
Guard into the military service of the
United States.

Adoption of this resolution by the two
houses gives the President authority to
use the National Guard on foreign soil.
No mention is made in the resolution of
Mexico, nor contemplated service of the
National Guard outside the limits of the
United States, but it is wording empowers
the President to use the National Guard
as a part of the military forces of the
country, and this authorization will meet
any emergency in Mexico.

If unanimous consent is refused for
the consideration of the Hay resolution
today, the Military Committee chair-
man will go to the Rules Committee and
obtain a rule making the resolution in
order.

The Hay resolution also contains pro-
visions authorizing the President to
designate the commanders of the Na-
tional Guard drafted into service.

PAGEANT IS GIVEN.

Shakespearean Production Presented
on Howard Campus.

A Shakespearean pageant was presented
by the Washington colored schools on
Howard University campus last night.
The pageant was divided into three parts
and twenty episodes. It was presented
on a three-tier stage. The features of the
evening was the dashing of the students
of the Kindergarten and at the Miner
Normal School, Nina Dornette and Ar-
thur Haynes gave the "Dance of Love."
The pageant will be repeated tonight.

WEATHER CONDITIONS.

District of Columbia, Eastern Pennsylvania, New
Jersey, Delaware, Maryland, and Virginia—Fair, Fri-
day, becoming unsettled on Saturday; light to mod-
erate variable winds.

The storm that was central Wednesday night over
Colorado now covers the Plains States and it is ad-
vancing slowly eastward.

The indications are that the weather will be gen-
erally fair Friday and becoming unsettled Saturday
in the Atlantic States.

A general change to higher temperature is prob-
able in the Middle Atlantic States today and to-
morrow.

The winds along the Middle Atlantic coast will be
moderate variable, with fair weather.

LOCAL TEMPERATURE.

Midnight, 59; 2 a. m., 57; 4 a. m., 55; 6 a. m., 51;

G. W. U. Summer Law School to Open.

The George Washington University
Law School will begin its first summer
session next Monday. Courses will be
given in personal property, principles of
legal liability, damages, insurance,
mortgages, and conflict of laws. Courses
in torts and suretyship had been an-
nounced, but a change has been made
because of the absence of Prof. Archi-
bald King, who is a member of the
Third regiment, District National Guard.
The course in torts will be omitted. The
course in suretyship and a first year
course in real property will be given by
Prof. Everett Fraser, dean of the Law
School, provided a sufficient number of
students register for them.

TILLMAN PLANS "TO FLY HOME"

Southern Senator Says He Ex-
pects to Make Trip in
Aero Some Day.

"Old as I am, I confidently expect to
fly back home from here some day, in
an aeroplane of this or some other type,"
said Senator Benjamin R. Tillman, chair-
man of the Senate Committee on Naval
Affairs, yesterday afternoon, with his
hand on one of the planes of the Curtiss
military tractor which the National
Aerial Coast Patrol Commission has on

exhibition on the lawn of the Senate Of- fice Building.

After a long inspection of the big five-
wheeled veteran sloop listened to the explana-
tions of Augustus Post, the pioneer aéro-
naut and balloonist, who was in charge
of the machine.

Among other Senators who looked over
the tractor were Senator Chamberlain,
chairman of the Committee on Military
Affairs; Senator Ollie James of Kentucky;
Senator Blair Lee, chairman of the Com-
mittee on Coast Defense; Senator Gilbert
M. Hitchcock, of Nebraska; Senator
Brady, of Idaho, and Senator William
Alden Smith, of Michigan.

Col. G. O. Squier, the new aeronautical
chief of the army, was another official
visitor. So also were Capt. Clark and
Lieut. Mulling of the army aviation sec-
tion, and Naval Constructor Richardson.

A new feature was added to the tractor
yesterday in the form of a Davis two-
wheeled aeroplane gun, which was mount-
ed on the bow.

Near Porterville, Cal., a ledge of zinc
ore nine miles long has been discovered.
